Our Underdog Team **Brings the Heat!**

Team Treasure House rallies to solve the unique challenges faced by residents and their families. With a will to win, each team player embraces and conquers obstacles on their way to a limitless adulthood. While a marathon and not a sprint, the road to independence, inclusion, and purpose is glorious and victorious with support from donors like you.

Inspired by teammate Zack Warner, the eldest of the Warner's seven children, Treasure House believes that everyone deserves to thrive with their abilities.

Starting lineup stats:

- ★ 29 residents with various IDD's, including autism, down syndrome, cerebral palsy, traumatic brain injury, spina bifida, and learning disorders.
- ★ 95% of residents are gainfully employed through the Employment and Life Skills Training Program, significantly exceeding the national average of 21% for Americans with disabilities.
- ★ Treasure House Bridges the Gap by raising \$50,000 per resident annually to cover 50% of their monthly tuition.
- ★ Programming includes community-based housing and services, skill development, mentorship, and meaningful educational, vocational, and social opportunities.
- ★ Dedicated Life Coaches facilitate individual goal planning and execution, aid residents in securing job and volunteer opportunities, and provide support in various aspects such as budget management, health and fitness planning, relationship building, and more.
- ★ 24/7 Community Assistants focus on the details that help residents meet their daily schedules and routines.

Serve it up for **Treasure House, Ace!**
