“RISE” by Brenda Warner

Created by Brenda Warner, co-founder of Treasure House, “RISE” symbolizes resilience and transformation. Made entirely from reclaimed metal, Brenda turns discarded scrap into something beautiful.

Inspired by the journey from dream to reality, this piece reflects the challenges of pursuing hope without guarantees—where true reward comes from within. It embodies the spirit of rising up, embracing uncertainty, and finding beauty in life’s obstacles.

“RISE” is made from welded steel with a clear coat to delay rusting, suitable for indoor or outdoor display. The sculpture stands 8’2” tall, 18” wide, and 2’8” deep. It consists of two pieces—the base/kickstand disassembles for easy transport. Treasure House will arrange delivery and placement at your home.
